- Notes:
- Heathbridge Capital Management Ltd. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. Heathbridge Capital Management Ltd. has been independently verified for the period January 1, 2000 through December 31, 2021. The verification report(s) is/are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Equity Composite has had a performance examination for the periods 2000-2021. The verification and performance examination reports are available upon request.
 - Results prior to December 1998 are calculated from individual account performance data and hence are not GIPS® compliant.
 - Heathbridge Capital Management Ltd. ("Heathbridge") is an Independent investment management firm with predecessor companies dating back to 1996. The predecessor companies are RG Capital Management from March 1996 to December 1996 and RBC DS Capital Management Ltd. from January 1997 to August 1999. Performance results from these predecessor companies are linked to the performance record of Heathbridge given compliance with GIPS requirements on performance record portability and performance linking.
 - The Equity Composite includes all discretionary, fee-paying portfolios, targeting greater than 75% in equities at full investment with the majority of equities being Canadian listed securities. Valuations and returns
 - Benchmark # 1 is the CIFS Median Canadian Focused Equity Funds.
 - Benchmark #2 is the "Benchmark Index" and is comprised of 30% S&P 500 in Canadian Dollars and 70% S&P/TSX and is rebalanced annually.
 - The dispersion of annual returns is measured by the standard deviation across asset-weighted portfolio returns represented within the composite for the full year.
 - Performance results are presented after management fees, all trading commissions, and since January 2010, also after incentive fees. The management fee is 1.25%.
 - As of the fourth quarter of 2016, the performance fee in any quarter is 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top quartile of performance as compared to a universe of similarly structured mutual funds selected by the manager from data provided by a recognized third party (currently Morningstar Inc.). An additional 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top 5 percent of performance as compared to a universe of similarly structured mutual funds selected by the manager from data as described above.
 - The minimum portfolio size for inclusion in the Equity composite is \$100,000 CAD. All portfolios below \$100,000 which are non-fee paying were not included.
 - The composite was created in October 1999.
 - The inception date of the composite is March 31, 1996.
 - Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
 - 36-Month, annualized, monthly standard deviation. The standard deviation is calculated based on the entire population given as arguments for the composite and blended benchmark. For the CIFS benchmark, the 36-month standard deviation is calculated by Morningstar.
 - Past performance is not indicative of future results.
 - Benchmark data reflected for 2010-2013 was for the Canadian Equity Funds not the Canadian Focused Equity Funds benchmark index and has since been corrected.
 - # of portfolios and Total Composite Assets reflect all accounts that were members of the composite on the final business day of the reporting period. Total Firm Assets and Total Fee-Paying Assets also reflect the final business day period.
 - The Morningstar fund universe includes all comparable mutual funds but excludes segregated funds, exchange-traded funds and wrap funds.
 - The firm's list of composite descriptions is available upon request.

Notes:

1. Heathbridge Capital Management Ltd. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. Heathbridge Capital Management Ltd. has been independently verified for the period January 1, 2000 through December 31, 2021. The verification report(s) is/are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Equity With Small-Cap Composite has had a performance examination for the periods 2000-2021. The verification and performance examination reports are available upon request.
- 1a. Results prior to December 1998 are calculated from individual account performance data and hence are not GIPS® compliant.
2. Heathbridge Capital Management Ltd. ("Heathbridge") is an Independent investment management firm with predecessor companies dating back to 1996. The predecessor companies are RG Capital Management from March 1996 to December 1996 and RBC DS Capital Management Ltd. from January 1997 to August 1999. Performance results from these predecessor companies are linked to the performance record of Heathbridge given compliance with GIPS requirements on performance record portability and performance linking.
3. The Equity With Small Cap Composite includes all portfolios targeting greater than 75% in equities at full investment and a risk level of 4 or higher with the majority of equities being Canadian listed securities. Valuations and returns are computed and stated in Canadian dollars.
4. Benchmark #1 is the CIFS Median Canadian Focused Equity Funds.
- 4a. Benchmark #2 is the "Benchmark Index" and is comprised of 30% S&P 500 in Canadian Dollars and 70% S&P/TSX and is rebalanced annually.
5. The dispersion of annual returns is measured by the standard deviation across asset-weighted portfolio returns represented within the composite for the full year.
6. Performance results are presented after management fees, all trading commissions, and since January 2010, also after incentive fees. The management fee is 1.25%.
- 6a. As of the fourth quarter of 2016, the performance fee in any quarter is 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top quartile of performance as compared to a universe of similarly structured mutual funds selected by the manager from data provided by a recognized third party (currently Morningstar Inc.). An additional 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top 5 percent of performance as compared to a universe of similarly structured mutual funds selected by the manager from data as described above.
7. The minimum portfolios size for inclusion in the Equity With Small-Cap Composite is \$100,000 CAD. All portfolios below \$100,000 which are non-fee paying were not included.
8. The composite was created in October 1999.
- 8a. The inception date of the composite is March 31, 1996.
9. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
10. 36-Month, annualized, monthly standard deviation. The standard deviation is calculated based on the entire population given as arguments for the composite and blended benchmark. For the CIFS benchmark, the 36-month standard deviation is calculated by Morningstar.
11. Past performance is not indicative of future results.
12. Benchmark data reflected for 2010-2013 was for the Canadian Equity Funds not the Canadian Focused Equity Funds benchmark index and has since been corrected.
13. # of portfolios and Total Composite Assets reflect all accounts that were members of the composite on the final business day of the reporting period. Total Firm Assets and Total Fee-Paying Assets also reflect the final business day period.

Notes:

- Heathbridge Capital Management Ltd. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. Heathbridge Capital Management Ltd. has been independently verified for the period January 1, 2000 through December 31, 2021. The verification report(s) is/are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Balanced Composite has had a performance examination for the periods 2000-2021. The verification and performance examination reports are available upon request.
- Results prior to December 1998 are calculated from individual account performance data and hence are not GIPS® compliant.
- Heathbridge Capital Management Ltd. ("Heathbridge") is an Independent investment management firm with predecessor companies dating back to 1996. The predecessor companies are RG Capital Management from March 1996 to December 1996 and RBC DS Capital Management Ltd. from January 1997 to August 1999. Performance results from these predecessor companies are linked to the performance record of Heathbridge given compliance with GIPS requirements on performance record portability and performance linking.
- The Balanced Composite includes all discretionary, fee-paying portfolios targeting less than or equal to a maximum of 75% and a minimum of 25% in equities at full investment. Valuations and returns are computed and stated in Canadian dollars.
- Benchmark #1 is the CIFSC Median Canadian Neutral Balanced Fund. Prior to 2015 the benchmark was the CIFSC Median Equity Balanced Fund.
- Benchmark #2 is a blend of 40% S&P TSX Composite Index, 20% S&P 500 Index in Canadian dollars, and 40% the bond index which since January 1, 2008 is the Bank of America ML Canada Broad bond Market TR (previously called the ML Canada Broad Bond Market TR). From 1997-Dec 2002 the index was the Scotia Capital Bond Universe, from Jan 1 2003-December 2005 it was the CIBC WM BIGAR Broad Composites bond Universe and from Jan 1, 2006 -Dec 2007 it was the RBC Capital Markets Canadian Bond Market Index. Starting with the reporting for 2019, the benchmark will be reported using only the Bank of America ML Canada Broad bond Market TR.
- The dispersion of annual returns is measured by the standard deviation across asset-weighted portfolio returns represented within the composite for the full year.
- Performance results are presented after management fees, all trading commissions, and since January 2010, also after incentive fees. The management fee is 1.25%.
- As of the fourth quarter of 2016, the performance fee in any quarter is 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top quartile of performance as compared to a universe of similarly structured mutual funds selected by the manager from data provided by a recognized third party (currently Morningstar Inc.). An additional 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top 5 percent of performance as compared to a universe of similarly structured mutual funds selected by the manager from data as described above.
- This composite was created in October 1999.
- The inception date of the composite is March 31, 1996.
- The fixed income component of the index was changed to the CIBC WM BIGAR Broad Composite Bond Universe (replacing the Scotia Capital Bond Universe) in October 2003, and to the RBC Capital Markets Canadian Bond Market Index in September 2006.
- Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
- 36-Month, annualized, monthly standard deviation. The standard deviation is calculated based on the entire population given as arguments for the composite and blended benchmark. For the CIFSC benchmark, the 36-month standard deviation is calculated by Morningstar.
- The minimum portfolio size for inclusion in the Balanced composite is \$100,000 CAD. All portfolios below \$100,000 which are non-fee paying were not included.
- Past performance is not indicative of future results.
- # of portfolios and Total Composite Assets reflect all accounts that were members of the composite on the final business day of the reporting period. Total Firm Assets and Total Fee-Paying Assets also reflect the final business day period.
- The Morningstar fund universe includes all comparable mutual funds but excludes segregated funds, exchange-traded funds and wrap funds.
- The firm's list of composite descriptions is available upon request.

Notes:

- Heathbridge Capital Management Ltd. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS Standards. Heathbridge Capital Management Ltd. has been independently verified for the period January 1, 2000 through December 31, 2021. The verification report(s) is/are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The U.S. Equity Composite has had a performance examination for the periods 2000-2021. The verification and performance examination reports are available upon request.
- Heathbridge Capital Management Ltd. ("Heathbridge") is an Independent investment management firm with predecessor companies dating back to 1996. The predecessor companies are RG Capital Management from March 1996 to December 1996 and RBC DS Capital Management Ltd. from January 1997 to August 1999. Performance results from these predecessor companies are linked to the performance record of Heathbridge given compliance with GIPS requirements on performance record portability and performance linking.
- The US Equity Composite includes all discretionary, fee paying portfolios with a target of greater than 75% equities at full investment where the majority of equities are represented by U.S. listed securities. Valuations and returns are computed and stated in Canadian dollars.
- Benchmark #1 is the CIFSC Median US Equity Fund in Canadian Dollars.
- Benchmark#2 is the US Benchmark Index which is the S&P 500 Index in Canadian Dollars.
- The dispersion of annual returns is measured by the standard deviation across asset-weighted portfolio returns represented within the composite for the full year.
- Performance results are presented after management fees, all trading commissions, and since January 2010, also after incentive fees. The management fee is 1.25%.
- As of the fourth quarter of 2016, the performance fee in any quarter is 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top quartile of performance as compared to a universe of similarly structured mutual funds selected by the manager from data provided by a recognized third party (currently Morningstar Inc.). An additional 7.5/100th of 1% of the asset value at the end of the quarter in each instance where performance in the past twelve months, or past three years is equal to or better than the top 5 percent of performance as compared to a universe of similarly structured mutual funds selected by the manager from data as described above.
- Additional information regarding our policies for calculating and reporting returns is available upon request.
- This composite was created in January 2000.
- The inception date of the composite is September 30, 1999.
- Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.
- 36-Month, annualized, monthly standard deviation. The standard deviation is calculated based on the entire population given as arguments for the composite and blended benchmark. For the CIFSC benchmark and the US benchmark Index (S&P500 CS), the 36-month standard deviation is calculated by Morningstar.
- The minimum account size for addition to the U.S. Equity composite is \$100,000 CAD. All portfolios below \$100,000 which are non-fee paying were not included.
- Past performance is not indicative of future results.
- From December 31, 2011 to June 30 2014 the inception date of the composite was incorrectly listed as January 1, 2000.
- # of portfolios and Total Composite Assets reflect all accounts that were members of the composite on the final business day of the reporting period. Total Firm Assets and Total Fee-Paying Assets also reflect the final business day period.
- The Morningstar fund universe includes all comparable mutual funds but excludes segregated funds, exchange-traded funds and wrap funds.
- The firm's list of composite descriptions is available upon request.
